TO WHOM SO EVER IT MAY CONCERN

This is to certify that **Ms. Vartika Chaturvedi** has completed one month virtual internship of web development at Prakriti Initiative, India - from 19 May 2020 to 19 June 2020.

Prakriti Initiatives (PI) is a Social Startup in the field of Education, interested to add an Edu-tech feature in its flagship program T-LAB. PI organized the internship titled miniguru.in for the same. This is a video sharing and networking web platform for young children to share and unleash their creativity.

It was an unpaid group internship, adapted the democratic deliberation method. Hence, after initial introduction and sharing about the concept in detail, we made the floor open for interns to decide and distributed roles and responsibilities among themselves. With this method, it took more time to finish a part of the project but it yielded most creative outcome from the internship and made the whole process as a rich learning experience for all.

Ms. Vartika participated in the internship as member of front end team with an attitude to learn new things. Her contribution in the project was to propose a web layout and create Student dashboard pages and she did it well.

We wish her all the best for her future endeavors.
